

The Most Affordable and Easy PACS Solution.

PACSINTHEBOX enables you to modernize your practice without breaking the bank. This is a standards compliant Picture Archiving and Communication System that'll support all of your current and future needs. Our solution utilizes **NOVARAD PACS** and **RIS** (Radiology Information System) software and servers stored in a temperature controlled, concrete-encased safe room. Your data is backed up locally and remotely in 4 different places and is stored on our servers indefinitely.

With our turn-key system, there's no need to hire IT professionals to maintain your system. **PACSINTHEBOX** comes with unmatched managed services by our knowledgeable staff at **BNB Imaging Solutions**. We can have you up and running in less than a week!
